Authorized Dealer

Convenience

The lid with an open mouth design allows for easy addition of food without interrupting the machine.

Non-drip Feet

3.6" legs with rubber feet guarantee stability on any surface, preventing tipping and other dangers.

Efficiency

The powerful ventilated asynchronous motor runs at 1680 RPM, the 3-blade hoop can make up to 5000 cuts per minute.

Easy-to-clean

The blade, bowl and lid can be quickly detached without tools needed for convenient cleaning to meet hygiene and food-safe standards.

Secure Operation

The machine's body and cover are tightly connected by interlock mechanism for safe operation.

User-friendly

With IP67 waterproof and greaseproof ON/OFF button ensures easy usage.
