

HEATER-PROOFER

INSULATED, ALUMINUM

See website for details

Standard Features, Benefits & Options

CONSTRUCTION: Insulated for extra efficiency. Easy cleaning and rugged all welded aluminum channel construction for strength, durability and tidiness. Heavy 5" x 1 1/4" casters with precision bearing PU wheels for easy maneuverability. The front 2 casters feature breaks to secure cabinets in place. Pan capacity is 36 each, 18" x 26" sheet pans. Corner bumpers help protect the proofer box & other objects.

CONTROLS: An exterior control panel with "Proof" mode regulates humidity from 30% to 95% & temperatures up to 115° F. "Heat" mode controls temperatures up to 185° F with an LED display thermometer. A blower fan distributes air evenly throughout the cabinet.

DOOR: The door frame is constructed of durable extruded aluminum, powder coated for an attractive matching finish, combined with a UL approved clear PC door to view the box contents. The door lifts off for easy cleaning. Door magnets and gaskets are installed inside the door frame for a snug seal.

TESTING: cULus Design & NSF Sanitation (ANSI-NSF4) certified.

Model #	Fame Size: W x L x H
CC-HP-A-I-68	23" wide x 33-5/16" x 67-1/2" tall
