

AVAILABLE IN VARIOUS SIZES

# Automatic Seekh Kebab Grill

An Automatic Seekh Kebab Grill rotates and carries each skewer across the flame like a conveyor, cooking the kebabs evenly without manual turning. You load them on one side, and they come out perfectly grilled on the other, powered by strong burners and a durable stainless steel motorized system.

SKG-5 (5' Wide)

SKG-7 (7' Wide)

SKG-9 (9' Wide)

⚡ Also available in 240V
