- ▶ Countertop model

This Prepline machine is a functional and efficient coffee urn for caterers, offices, schools, and churches that would always like to have fresh coffee ready. With a 63-cup capacity, you can make your coffee once and serve as many people as you want. Our machine is completely easy to use and will keep your beverage hot and fresh for hours. What's more, a double wall insulation approach helps conserve heat and minimize energy usage. Whether you're running a cafeteria, planning a group function or running a business meeting, keep everyone refreshed with hot, flavorful coffee.

- ▶ ETL-Certified
- ▶ ETL Sanitation

WARRANTY

Prepline products are backed by a 1 year manufacturer warranty. The unit itself and parts within are guaranteed against manufacturing defects for a period of 1 year. Glass due to its fragile nature, is not included under warranty coverage. Always inspect your delivery for freight damage before you accept it. Freight damage will not be considered a manufacturing defect and should be refused or remedied through a claim with the carrier.
